OLD BUSINESS

- Heritage Festival - Rick Tabb again thanked the members for their help and participation. He said the attendance was good and has received good feedback. There was great support for the Trimotor, which flew 33 revenue flights. Keith Mountain spent three full days assisting and coordinating help for the airplane. He said it is strenuous work, and now understands the needs for help and how to better coordinate it. He was able to assist flying the aircraft to its next stop in Marion, Illinois. The Chapter Booth made a good presentation with six homebuilt aircraft on display, the half VW engine run display and Bill Allen's demonstration of sheet metal riveting. A letter from Pat MacDonald was received which also thanked the Chapter.

- Fall Picnic - Due to a poor weather forecast, a key member being unable to attend, the fact that the Chapter has been very busy lately, including the upcoming YE event on Sat Oct 13, it was decided and approved at the meeting that the Picnic will be postponed. We will join Chapter 657 on Sunday, Oct 21 at their monthly cook-out at the Vine Grove Airport, which will also be the next Grasshopper Fly-in. More details will be provided as soon as they are worked out.

NEW BUSINESS

- Chapter Officer Elections for 2019, 2020 - As previously reported, Keith Mountain will step down as President, and Rick Mills has agreed to run for that office. Tom Hubbuch and Berry Bannon have agreed to run as Secretary and Treasurer, respectively. Two candidates were named to fill the Vice-President vacancy; Rick Tabb and Bob Waggoner. At the November meeting, other nominations for the positions will be accepted, and a vote will be held. The new officers will assume their duties at the end of the December meeting.

The meeting was adjourned at 8:38 PM.

The post-meeting presentations were a video taken of Curt Rausch during formation practice in Alabama, and a couple videos of the Cherokee formation practice and fly-over at the Heritage Festival.
